Important Exhibitor Information:

Please review the exhibition site map in advance and follow the traffic guidance system upon arrival. By paying attention to the signage, you will be directed to the designated parking areas. Entry is only permitted to the facility specified on your exhibitor parking ticket. If you encounter any eingefahren issues at the entrance, please use the help button at the entry gate. If you do not use your exhibitor parking ticket for entry but instead take a new visitor visitor parking ticket, you will not be able to exit using your exhibitor ticket. In this case, you will need to pay for the visitor parking ticket separately, even if you hold a valid exhibitor parking ticket.

Here are some additional notes:

Exhibitors who do not have an exhibitor parking ticket and request a parking ticket at the entrance can convert their visitor parking ticket into an exhibitor parking ticket for the duration of the trade fair under the exhibitor conditions mentioned above. The purchase is only possible with a valid exhibitor ID at the APCOA control center in the Bosch Parkhaus P20, Level 0. Please only park in designated disabled parking spaces if you have a valid disabled parking permit. Violations will be handled in accordance with traffic regulations (StVO).

How do I get an exhibitor parking ticket?

You can order exhibitor parking tickets in advance via your online access to Landesmesse Stuttgart or the event organizer. Orders should be placed no later than 5 business days before the start of the trade fair. The allocation of parking spaces is determined based on the usage area and occupancy and cannot be changed.

For parking conditions see notice at the entrances and in the online store of Messe Stuttgart
